LDV eT60 DOUBLE CAB UTE. THE EV FOR THE KIWI.

WORKING HARDER EVERY DAY

eT60

100% ELECTRIC

WORLD CLASS

LDV has a global reputation for building world class vehicles. The new 100% ELECTRIC LDV eT60 Double-Cab Ute is no exception.

Complementary to the impressive standard specifications, the eT60 boasts equally impressive performance specs accredited to its 150kW/310Nm motor partnered with an 88.55 Kwh battery which produces a WLTP city range of up to 325kms and a fast charge of 80% in 40 minutes, when using a D.C. charger.

88.55kW BATTERY

THE eT60 IS MADE FOR HARD WORK

The eT60 Double Cab Ute really does make hard work a whole lot easier. It has a rear tray capacity of 1188L and will accommodate most loads easily.

There are multiple options for securing cargo. The eT60 has strong tie down points both on the deck and on the wheel arches. The cargo tray is lined with an industrial grade coating to protect both the vehicle and your cargo.

Intelligent Airbag Systems

SERIOUS ABOUT SAFETY

Safety is important, and LDV has delivered with a fully calibrated chassis, Anti-lock braking (ABS), Electronic Brake Force Distribution (EBD) and Emergency Brake Assist (EBA), to ensure braking is optimal for any driving situation. eT60 is also equipped with Reversing Camera, Hill Descent Control (HDC) and Hill Start Assist (HSA).

On top of that the T60 has Electronic Stability Control (ESC) with Roll Movement Intervention (RMI), driver and passenger airbags, side airbags and full length curtain airbags.

Multi-function Steering Wheel

Intelligently Designed

220V + 12V Power Outlet

THE eT60 IS A COMFORTABLE PLACE TO WORK

The eT60's spacious cabin has been designed with better comfort in mind. The driver's seat comes with a range of adjustments ensuring comfortable driver positioning. Centre of attention is the massive 10.25-inch touch screen entertainment system, complete with Apple CarPlay meaning you can navigate, make calls, send and receive messages, and listen to music, taking your smartphone into the driver's seat.

Rear camera and park assist are standard. And of course, the eT60 comes with air conditioning, power front windows, power side mirrors and keyless entry.

There's even loads of storage space for your mobile office gear which turns the eT60 into a mobile office.

Yes, everything in the eT60 is designed to make your working day a lot easier.

eT60 POWER TRAIN

SAIC are the leaders in the electric vehicle technical revolution, continually leading the way in the development of new technology and solutions for the automotive industry.

A part of that revolution is being the market leaders in battery technology, we have developed a number of battery options for the eT60, by using various battery cooling methods, which allows us to reduce charging time (DC 45mins (5%-80%) AC 5hrs), extend battery life and increase the operating range.

The eT60 comes with a 150Kw / 310Nm motor and an 88.55 Kwh battery with A/C & DC charging as standard.
